About This Game

Line Dance Virtual teaches you party dancing using virtual reality. Learn the fundamental movements of line dances, including the most popular party, retro and wedding hits, like:

- Shuffid Cuple
- Electric Glide
- Souldier Boy
- Scoot Bootin Boogie
- Bronzehead Road
- Loosefoot
- Woogle

You can now learn from home and join the dance party outside it! Compare to your local dance studio and you'll realize you will save a ton of time and money (and heartbreak) while starting your new and legendary hobby.

Our professional teachers will explain how movements translate from your virtual to a real world experience. Pause. Slow down. Rewind. Practice. With a level dedicated to dance fundamentals, even those of us with two left feet can learn to check our balance, and get used to dancing in VR, so we can eventually do it in the real world.. and have fun!
